AspenTech to Attend ARC Industry Forum 2018

February 5, 2018

BEDFORD, Mass.--(BUSINESS WIRE)--Feb. 5, 2018-- Aspen Technology, Inc. (NASDAQ: AZPN), the asset optimization software company, today announced that it will attend the 22nd Annual ARC Industry Forum, *Digitizing and Securing Industry, Infrastructure, and Cities,* to be held February 12-15, 2018 in Orlando, Florida. The event highlights the growing connectivity and data-driven intelligence within industry as machine learning and artificial intelligence transform operations.

A Gold Sponsor of the event, AspenTech executives and experts will participate in the ARC Industry Forum 2018 opening day Executive Panel, as well as a session moderated by ARC analyst Peter Reynolds featuring Saudi Aramco and Dow Chemical. AspenTech will also hold a Technology Workshop offering *Practical Steps to Achieving Asset Optimization in 2.5 Weeks.*

AspenTech President & CEO Antonio Pietri will participate in the *Navigating the New Age of Innovation* and *Digital Transformation Progress and Challenges* sessions to discuss how companies in complex, capital-intensive industries can drive reliability and achieve high returns on assets. Pietri will discuss how successful Digital Transformation requires a relentless focus on operational excellence, a holistic asset optimization strategy and a pragmatic execution roadmap in order to avoid industry hype and unmet expectations.

AspenTech experts will also be available throughout the entire ARC Industry Forum 2018 at Showcase Booth number 33.

Supporting Quotes

Antonio Pietri, President & CEO, AspenTech
"Customers continue to look for innovative and effective ways to drive productivity. AspenTech remains committed to helping them achieve true operational excellence by leveraging advanced data analytics and machine learning with proven process knowledge across the entire design, operate and maintain lifecycle. The ARC Industry Forum is an ideal opportunity for us to discuss how asset optimization is driving operational excellence."
