

AspenTech's Manolis Kotzabasakis Selected as Keynote Speaker at Middle East Process Engineering Conference (MEPEC) 2013

September 9, 2013

Executive Vice President to Highlight Strategic Opportunities for Sustainability and Profitability at Influential Middle East Conference

BURLINGTON, Mass.--(BUSINESS WIRE)--Sep. 9, 2013-- [Aspen Technology, Inc.](#) (NASDAQ: AZPN), a leading provider of software and services to the process industries, today announced that Manolis Kotzabasakis, Executive Vice President, Products, has been selected as a keynote speaker at MEPEC 2013, the premier industry conference for Middle East process manufacturers and service providers to discuss regional initiatives, explore new technology, and promote skills development.

Focused on "Overcoming Future Challenges through Engineering Excellence," MEPEC 2013 will take place at the Bahrain International Exhibition & Conference Centre in the Kingdom of Bahrain from September 29 to October 2, 2013. As part of the Clean Fuel and Sustainability track, Mr. Kotzabasakis will discuss strategic opportunities in energy reduction, energy efficiency, and emission reduction that are a foundation for long-term operational success.

As Platinum sponsor of the conference, AspenTech will showcase its industry-leading aspenONE® Engineering, Manufacturing and Supply Chain Management software at the Optimization Theater in Hall 1 - Booth 126.
