

AspenTech Announces Keynote Panelists for OPTIMIZE™ 2019 Conference

April 10, 2019

ExxonMobil, Emerson, Accenture and Columbia University to Join Opening Session of Premier Global Digital Acceleration Event

BEDFORD, Mass.--(BUSINESS WIRE)--Apr. 10, 2019-- [Aspen Technology Inc.](#) (NASDAQ: AZPN), the asset optimization™ software company, is pleased to announce the keynote panel for the upcoming OPTIMIZE™ 2019 conference at Hilton Americas-Houston, Texas, May 13-16, 2019:

- Dr. Thomas Halsey, Chief Computational Scientist at ExxonMobil
- Tom Snead, President of Life Sciences and Alliances at Emerson
- Tracey Countryman, Global Resources X.0 Lead Managing Director at Accenture
- Dr. Venkat Venkatasubramanian, Professor of Chemical Engineering at Columbia University

The OPTIMIZE 2019 keynote panel will discuss the next waves of digital transformation, offer expert perspectives on the opportunities provided by new technologies and share thoughts on how today's leaders can achieve long-term success. Other topics for discussion include the Industrial Internet of Things, edge computing, machine learning and advanced analytics that help to drive higher profit margins, better quality, greater operational efficiency and agility.

This May, OPTIMIZE 2019 will showcase papers in Engineering, Manufacturing & Supply Chain and Asset Performance Management during more than 150 breakout sessions with industry leaders on best practices and case studies from around the world.

AspenTech is proud to announce that industry leaders from BP, Chevron, The Dow Chemical Company, Saudi Aramco, Shell and other companies will speak at the conference. For the latest event information, including registration, keynote speaker highlights and track session updates, visit the [OPTIMIZE 2019 website](#).
