

## AspenTech Opens New Global Headquarters in Bedford, MA

November 12, 2014

*Supports Company Growth and Brings All Local Employees Together in Three-Building Campus in Crosby Corporate Center*

BEDFORD, Mass.--(BUSINESS WIRE)--Nov. 12, 2014-- [Aspen Technology, Inc.](#) (NASDAQ: AZPN), a leading provider of software and services to the process industries, announced it has opened a new global corporate headquarters in Bedford, Massachusetts. The new facility supports AspenTech's growth plans by bringing together more than 500 existing employees from the company's Burlington, MA and Nashua, NH offices, and can accommodate more than 200 additional staff.

The new three-building campus at 20, 22 and 28 Crosby Drive is over 140,000 square feet, almost double the size of AspenTech's former Burlington MA headquarters. The facility is designed to facilitate collaboration and informal discussions, with a contemporary open floor plan, casual breakout areas and many "huddle rooms" throughout the campus. The new location is part of Crosby Corporate Center, a nine-building office park that also includes two Rebecca's Café locations, a fitness center, a conference center and on-site daycare.

The world's largest energy and chemical companies such as Dow Chemical, DuPont, Exxon/Mobil and Shell use AspenTech software to optimize their engineering, manufacturing, and supply chain operations. Optimization delivered by AspenTech software results in improved profitability, significant cost savings, reduced energy consumption, and superior operating performance. Recently, [Forbes recognized AspenTech as one of the world's most innovative growth companies.](#)

### Supporting Quotes

*Antonio Pietri, President & CEO, AspenTech*

"Our new headquarters reflects AspenTech's 30 years of market leadership, the global impact of the customers we serve, and the employees who are at the core of our success. Combining our local teams in the new three-building campus will also make collaboration easier, while ensuring we have the right environment to deliver the most optimal customer experience well into the future."
