A copy of the Stockholders Agreement is attached hereto as Exhibit 99.5 and is incorporated herein by reference. The following summary of the terms of the Stockholders Agreement is not a complete description thereof and is qualified in its entirety by the full text thereof. For purposes of the Stockholders Agreement and this summary, a reference to Emerson's affiliates or subsidiaries or their affiliates or subsidiaries does not include New AspenTech or its subsidiaries.

Corporate Governance

Board Composition

In accordance with the Stockholders Agreement, effective as of the Closing, the total authorized number of directors on New AspenTech's board of directors (the "New AspenTech Board") was nine. As of the Closing, the New AspenTech Board consisted of:

- Five directors, including the Chairman of the New AspenTech Board, designated by Emerson Sub;
- The Chief Executive Officer of Aspen Corp as of immediately prior to the Closing; and
- Two directors designated by Aspen Corp

As of the Closing, there was one vacancy on the New AspenTech Board which will be filled in accordance with the Stockholders Agreement as described below.

Following the Closing, the number of directors on the New AspenTech Board who will be designated by Emerson Sub will be as follows:

- Before the Third Trigger Date (as defined below), a number of the total authorized number of directors on the New AspenTech Board as of such time that is proportionate to the Emerson Group's beneficial ownership of outstanding shares of Common Stock at such time (rounded up to the nearest whole person); provided that Emerson Sub will have the right to designate at least a majority of the directors on the New AspenTech Board until the Second Trigger Date (as defined below);
- Following the Third Trigger Date, one director.

For purposes of the Stockholders Agreement:

- "First Trigger Date" means the date that is 45 days following the earliest of (x) the date on which New AspenTech notifies Emerson Sub in writing of the Emerson Group ceasing to beneficially own more than 50% of the outstanding shares of Common Stock (the "First Trigger"), (y) the date on which Emerson Sub makes an amendment to this Schedule 13D to disclose the First Trigger and (z) the date on which the General Counsel or Chief Financial Officer of Emerson gains actual knowledge (and not constructive, imputed or other similar concepts of knowledge) of the First Trigger; provided that if on such first date the Emerson Group beneficially owns more than 50% of the outstanding shares of Common Stock (and at no point during such 45-day period beneficially owned less than 45% of the outstanding shares of Common Stock), the First Trigger and the First Trigger Date will be deemed to not have occurred (for the avoidance of doubt, if at any point during such 45-day period, the Emerson Group beneficially owns less than 45% of the outstanding shares of Common Stock, the First Trigger Date will occur regardless of any subsequent acquisition by the Emerson Group of additional shares of Common Stock);
 - "Second Trigger Date" means the date that is 45 days following the earliest of (x) the date on which New AspenTech notifies Emerson Sub in writing of the Emerson Group ceasing to beneficially own more than 40% of the outstanding shares of Common Stock (the "Second Trigger"), (y) the date on which Emerson Sub makes an amendment to this Schedule 13D to disclose the Second Trigger and (z) the date on which the General Counsel or Chief Financial Officer of Emerson gains actual knowledge (and not constructive, imputed or other similar concepts of knowledge) of the Second Trigger; provided that if on such first date the Emerson Group beneficially owns more than 40% of the outstanding shares of Common Stock (and at no point during such 45-day period beneficially owned less than 35% of the outstanding shares of Common Stock), the Second Trigger and the Second Trigger Date will be deemed to not have occurred (for the avoidance of doubt, if at any point during such 45-day period, the Emerson Group beneficially owns less than 35% of the outstanding shares of Common Stock, the Second Trigger Date will occur regardless of any subsequent acquisition by Emerson Group of additional shares of Common Stock); and
-

- “Third Trigger Date” means the date that is 45 days following the earliest of (x) the date on which New AspenTech notifies Emerson Sub in writing of the Emerson Group ceasing to beneficially own at least 20% of the outstanding shares of Common Stock (the “Third Trigger”), (y) the date on which Emerson Sub makes an amendment to this Schedule 13D to disclose the Third Trigger and (z) the date on which the General Counsel or Chief Financial Officer of Emerson gains actual knowledge (and not constructive, imputed or other similar concepts of knowledge) of the Third Trigger; provided that if on such first date the Emerson Group beneficially owns at least 20% of the outstanding shares of Common Stock (and at no point during such 45-day period beneficially owned less than 17.5% of the outstanding shares of Common Stock), the Third Trigger and the Third Trigger Date will be deemed to have not occurred (for the avoidance of doubt, if at any point during such 45-day period, the Emerson Group beneficially owns less than 17.5% of the outstanding shares of Common Stock, the Third Trigger Date will occur regardless of any subsequent acquisition by the Emerson Group of additional shares of Common Stock).
- “Fourth Trigger Date” means the date on which members of the Emerson Group cease to beneficially own at least 10% of the outstanding Common Stock.

Following the Closing, the members of the New AspenTech Board not designated by Emerson Sub will be designated by the Nominating & Governance Committee of the New AspenTech Board as described below.

Chair

Until the Second Trigger Date, Emerson Sub has the right to nominate a member of the New AspenTech Board as the chair of the New AspenTech Board.

Lead Independent Director

Until the Second Trigger Date, if at any time the chair of the New AspenTech Board is not an independent director under NASDAQ Stock Market LLC (“NASDAQ”) listing rules, to the extent the New AspenTech Board designates a director to be the lead independent director, Emerson Sub will have the right to nominate a member of the New AspenTech Board who is an independent director under NASDAQ listing rules to be the lead independent director.

Director Nomination, Removal and Vacancies

With respect to Emerson Sub’s designees to the New AspenTech Board, New AspenTech will cause each such person to be included in the slate of nominees recommended by the New AspenTech Board to holders of Common Stock for election (including at any annual or special meeting of stockholders held for the election of directors) and will use its best efforts to cause the election of each such designee, including soliciting proxies in favor of the election of such persons. In the event that any Emerson Sub designated director on the New AspenTech Board ceases to serve as a director for any reason, the resulting vacancy will be filled by the New AspenTech Board with a substitute person designated by Emerson Sub. New AspenTech will take all actions necessary to facilitate the removal and replacement of any Emerson Sub designated director upon the written request of Emerson Sub.

In the event of a vacancy on the New AspenTech Board upon the death, resignation, retirement, disqualification, removal from office or other cause of any director who was not designated by Emerson Sub, the Nominating & Governance Committee of the New AspenTech Board will have the sole right to fill such vacancy or designate a person for nomination for election to the New AspenTech Board to fill such vacancy in accordance with applicable law. However, until the Third Trigger Date, (i) the then-current Chief Executive Officer of New AspenTech must be included for nomination at any annual or special meeting of New AspenTech at which directors are elected and (ii) each designee to the New AspenTech Board (other than Emerson Sub’s designees and the then-current Chief Executive Officer of New AspenTech) (A) must be a director of New AspenTech who is an independent director under NASDAQ listing rules and (B) must not be an executive officer or employee of any member of the Emerson Group and would not be a director described under Clauses (A) through (F) of Rule 5605(a)(2) of the NASDAQ listing rules in relation to Emerson assuming Emerson were the “Company” thereunder (“Company Independent Director”) and meet all other requirements under applicable law for membership on the Audit Committee of the New AspenTech Board, and one of such designees must also be an “audit committee

financial expert" under Item 407(d)(5) of Regulation S-K. The New AspenTech Board shall at all times include at least three Company Independent Directors.

Controlled Company

For so long as the Emerson Group beneficially owns more than 50% of the outstanding shares of Common Stock, to the extent permitted by applicable law, if so requested by Emerson Sub, New AspenTech will avail itself of available "Controlled Company" exemptions to the corporate governance listing standards of NASDAQ (in whole or in part, as requested by Emerson Sub). As of the Closing and pursuant to the Stockholders Agreement, Emerson Sub has requested New AspenTech to avail itself, and New AspenTech has availed itself, of the exemptions from the NASDAQ corporate governance listing standards requirements that (i) the nominating/corporate governance committee be composed solely of independent directors and (ii) the compensation committee be composed solely of independent directors.

Committees

In accordance with the Stockholders Agreement, effective as of the Closing, the New AspenTech Board had the following committees: (i) an Audit Committee, (ii) an M&A Committee, (iii) a Compensation Committee (which New AspenTech refers to as the Human Capital Committee) and (iv) a Nominating & Governance Committee.

The Stockholders Agreement provides the following with respect to the committees of the New AspenTech Board:

- The Audit Committee will consist solely of three directors, all of whom must (i) be Company Independent Directors and (ii) meet all other requirements of applicable law and the NASDAQ listing rules for membership on the Audit Committee. Until the Third Trigger Date, Emerson Sub is entitled to designate one non-voting observer who is entitled to attend meetings of the Audit Committee (which non-voting observer need not be a member of the New AspenTech Board).
- The M&A Committee is an advisory committee that must remain a committee of the New AspenTech Board until the Third Trigger Date. Until the Third Trigger Date, Emerson Sub is entitled to appoint one member of the M&A Committee and designate one non-voting observer who is entitled to attend meetings of the M&A Committee (which non-voting observer need not be a member of the New AspenTech Board). The M&A Committee will, among other things, (i) review New AspenTech's strategy regarding mergers, acquisitions, investments and dispositions with management periodically and (ii) review all proposed mergers, acquisitions, investments or dispositions of assets or businesses.

In addition, when required by the Stockholders Agreement, the New AspenTech Board will establish from time to time an ad-hoc committee of the New AspenTech Board (an "RPT Committee") consisting of at least two directors of New AspenTech; provided that all members of such committee must be Company Independent Directors who are designated by a majority of the directors of the New AspenTech Board who are independent under the NASDAQ listing rules. New AspenTech is also required to establish a Disclosure Committee consisting of members of the New AspenTech Board or management of New AspenTech to, among other things, assist in preparing disclosures required under applicable law.

Until the Third Trigger Date, the number of Emerson Sub designated directors on each committee and subcommittee of the New AspenTech Board (other than the Audit Committee, M&A Committee and any RPT Committee) at any time will be proportionate to the Emerson Group's beneficial ownership of outstanding shares of Common Stock at such time (before the Second Trigger Date, rounded up to the nearest whole person and, following the Second Trigger Date, rounded down to the nearest whole person but in no event less than one person); provided that, until the Second Trigger Date, the number of Emerson Sub designated directors on each such committee and subcommittee will not be less than a majority of the members of such committee and subcommittee. Until the Third Trigger Date, Emerson Sub has the right to designate which of the Emerson Sub designated directors will serve on each committee and subcommittee (other than the Audit Committee, M&A Committee and any RPT Committee) and Emerson Sub has the right to designate the chair of each such committee and subcommittee. Following the Second Trigger Date, Emerson Sub shall no longer have the rights described in this paragraph if Emerson Sub transfers 5% or more of the Common Stock outstanding at such time (subject to certain exceptions) or, at any time, none of the directors on the New AspenTech Board who are designated by Emerson is an officer or employee of any member of the Emerson Group.

Confidentiality

The Stockholders Agreement provides that, subject to applicable law, each director of the New AspenTech Board designated by Emerson Sub will keep confidential any information about New AspenTech and its affiliates he or she receives as a result of being a director of the New AspenTech Board, provided such director is permitted to disclose to the Emerson Group, representatives of the Emerson Group and such director's advisors information about New AspenTech and its affiliates that he or she receives as a result of being a director. To the fullest extent permitted by applicable law, no such director will have any duty to disclose to New AspenTech or the New AspenTech Board or any committee of the New AspenTech Board (or subcommittee thereof) confidential information of Emerson or any of its affiliates in such director's possession even if it is material and relevant information to New AspenTech, the New AspenTech Board or any committee of the New AspenTech Board (or subcommittee thereof) and, in any case, such director will not be liable to New AspenTech, any of its stockholders or any other person or entity for breach of any duty (including the duty of loyalty or any other fiduciary duties) as a director by reason of such lack of disclosure of such confidential information.

Emerson Agreement to Vote

The Stockholders Agreement provides that Emerson will, and will cause each member of the Emerson Group to, cause their respective shares of Common Stock to be present for quorum purposes at any New AspenTech stockholder meeting and vote in favor of all directors nominated by the Nominating & Governance Committee of the New AspenTech Board in accordance with the Stockholders Agreement.

- any establishment, adoption, material amendment or termination of any disclosure controls and procedures of New AspenTech; and
- authorize, agree or commit to do any of the foregoing.

Following the Second Trigger Date until the Third Trigger Date, New AspenTech will not, and will cause its subsidiaries not to, directly or indirectly, do any of the following without the prior written consent of Emerson Sub:

- any merger, consolidation, reorganization, conversion or any other business combination involving New AspenTech, or sale of all or substantially all of the consolidated assets of New AspenTech;
 - any sale, transfer, lease, pledge, abandonment or other disposition or exclusive license of any assets, businesses, interests, properties, securities or entities with a value in excess of \$25 million in any transaction or series of related transactions in any 12-month period, other than (A) sales of inventory or services or dispositions of obsolete assets in each case in the ordinary course of business or (B) to New AspenTech or any of its wholly owned subsidiaries;
 - any initiation, adoption or public proposal of a voluntary liquidation, dissolution, receivership, bankruptcy or other insolvency proceeding involving New AspenTech;
 - any material amendment to the organizational documents of New AspenTech;
 - any establishment, adoption, material amendment or termination of any disclosure controls and procedures of New AspenTech; and
 - authorize, agree or commit to do any of the foregoing.
-

Following the Third Trigger Date until the Fourth Trigger Date, New AspenTech will not, and will cause its subsidiaries not to, directly or indirectly, do any of the following without the prior written consent of Emerson Sub:

- any initiation, adoption or public proposal of a voluntary liquidation, dissolution, receivership, bankruptcy or other insolvency proceeding involving New AspenTech;
- any amendment to the organizational documents of New AspenTech that disproportionately and adversely affects Emerson Sub in its capacity as a stockholder of New AspenTech as compared to other stockholders of the same class of securities of New AspenTech; and
- authorize, agree or commit to do any of the foregoing.

Modifications to Business Strategy

Until the First Trigger Date, New AspenTech will not, and will cause its subsidiaries not to, directly or indirectly, without the prior written consent of Emerson Sub, modify the business strategy, or modify or expand the scope or nature of the business or other activities, of New AspenTech or any of its subsidiaries beyond the business of developing, marketing and selling certain industrial software, or authorize, agree or commit to do any of the foregoing.

Related Party Transactions

Under the Stockholders Agreement, all transactions and agreements entered into at or prior to the Closing that would have been Related Party Transactions (as defined below) if they were entered into after the Closing between New AspenTech and its subsidiaries, on the one hand and any member of the Emerson Group, on the other hand (the "Pre-Closing Related Party Transactions"), will not be subject to any further approval of the New AspenTech Board or any committee or subcommittee of the New AspenTech Board (including by an RPT Committee), including with respect to any implementation of the terms of the Pre-Closing Related Party Transactions; provided that, any material amendments to, material modifications or terminations (other than as a result of expiration or non-renewal) of, or material waivers, material consents or material elections under any Pre-Closing Related Party Transactions shall require the prior written approval of an RPT Committee, subject to and consistent with the Related Party Transactions Policy set forth in the Stockholders Agreement (the "Related Party Transactions Policy").

Until the Third Trigger Date, the Related Party Transactions Policy requires approval of an RPT Committee for, among other things and subject to certain exceptions: (i) any Related Party Transaction involving a payment above certain dollar thresholds, (ii) any material amendments to, or material modifications or terminations (other than as a result of expiration or non-renewal) of, or material waivers, material consents or material elections under any previously approved Related Party Transactions, (iii) any Related Party Transaction for which a member of the Emerson Group requests approval from an RPT Committee and (iv) any matter under the Stockholders Agreement which expressly requires approval from an RPT Committee (including material amendments of, or waivers of New AspenTech's rights under, the Stockholders Agreement).

Related Party Transactions below the dollar thresholds specified in the Related Party Transactions Policy may be approved by New AspenTech management. Such transactions must be reported on a quarterly basis to the Company Independent Directors.

For purposes of the Stockholders Agreement, "Related Party Transaction" means any transaction between New AspenTech or any of its subsidiaries, on the one hand, and any member of the Emerson Group, or, solely in their capacity as such, any director, officer, employee or "associate" (as defined in Rule 12b-2 promulgated under the Exchange Act) of any member of the Emerson Group, on the other hand.

Corporate Opportunity

The Stockholders Agreement provides that, except as otherwise set forth in the Stockholders Agreement or agreed in writing by New AspenTech and Emerson, no agreement pursuant to which New AspenTech, on the one hand, and Emerson, on the other hand, agree to engage in transactions of any kind or nature with each other or agree to compete, or to refrain from competing or to limit or restrict their competition, with each other, including to allocate and to cause their respective directors, officers or employees (including any who are directors, officers or employees of both) to allocate opportunities between or to refer opportunities to each other, or the performance thereof by New AspenTech or Emerson will, to the fullest extent permitted by applicable law, be considered contrary to (i) any fiduciary duty that Emerson may owe to New AspenTech or to any stockholder or other owner of an equity interest in New AspenTech by reason of Emerson being a controlling or significant stockholder of New AspenTech or participating in the control of New AspenTech or (ii) any fiduciary duty owed by any director or officer of New AspenTech who is also a director, officer or employee of Emerson to New AspenTech, or to any stockholder thereof. Subject to the corporate opportunities provision described below, to the fullest extent permitted by applicable law, Emerson, as a stockholder of New AspenTech, or as a participant in control of New AspenTech, will not have or be under any fiduciary duty to refrain from entering into any agreement or participating in any transaction referred to above, and no director or officer of New AspenTech who is also a director, officer or employee of Emerson will have or be under any fiduciary duty to New AspenTech to refrain from acting on behalf of New AspenTech or of Emerson in respect of any such agreement or transaction or performing any such agreement in accordance with its terms.

Emerson, Emerson Sub and New AspenTech have agreed that, except as otherwise set forth in the Stockholders Agreement or otherwise agreed in writing between New AspenTech and Emerson, and subject to the corporate opportunities provisions described below, Emerson will to the fullest extent permitted by applicable law have no duty to refrain from (i) engaging in the same or similar activities or lines of business as New AspenTech or (ii) doing business with any client, customer or vendor of New AspenTech, and (subject to the corporate opportunities provisions described below) neither Emerson nor any officer, director or employee thereof will, to the fullest extent permitted by applicable law, be deemed to have breached its fiduciary duties, if any, to New AspenTech solely by reason of Emerson's engaging in any such activity. Subject to the corporate opportunities provisions described below, except as otherwise agreed in writing between New AspenTech and Emerson, in the event that Emerson acquires knowledge of a potential transaction or matter that may be a corporate opportunity for both New AspenTech and Emerson, Emerson will to the fullest extent permitted by applicable law not be liable to New AspenTech or its stockholders for breach of any fiduciary duty as a stockholder of New AspenTech by reason of the fact that Emerson acquires or seeks such corporate opportunity for itself, directs such corporate opportunity to another person or entity, or otherwise does not communicate information regarding such corporate opportunity to New AspenTech, and New AspenTech to the fullest extent permitted by applicable law renounces any interest or expectancy in such business opportunity and waives any claim that such business opportunity constituted a corporate opportunity that should have been presented to New AspenTech.

The Stockholders Agreement further provides that, except as otherwise agreed in writing between New AspenTech and Emerson, in the event that a director or officer of New AspenTech who is also a director, officer or employee of Emerson acquires knowledge of a potential transaction or matter that may be a corporate opportunity for both New AspenTech and Emerson, such director or officer will to the fullest extent permitted by applicable law have fully satisfied and fulfilled his or her fiduciary duty with respect to such corporate opportunity, and New AspenTech to the fullest extent permitted by applicable law renounces any interest or expectancy in such business opportunity and waives any claim that such business opportunity constituted a corporate opportunity that should have been presented to New AspenTech, if such director or officer acts in a manner consistent with the following policy:

- such a corporate opportunity offered to any individual who is a director but not an officer or employee of New AspenTech and who is also a director, officer or employee of Emerson will belong to New AspenTech only if such opportunity is expressly offered to such person solely in his or her capacity as a director of New AspenTech and otherwise will belong to Emerson; and
- such a corporate opportunity offered to any individual who is an officer or employee of New AspenTech and also is a director, officer or employee of Emerson will belong to New AspenTech unless such opportunity is expressly offered to such person in his or her capacity as a director, officer or employee of Emerson, in which case such opportunity will belong to Emerson.

For purposes of the corporate opportunities provision in the Stockholders Agreement and the summary thereof in the preceding paragraphs, (1) "corporate opportunities" include business opportunities that New AspenTech is financially able to undertake, which are, from their nature, in the line of New AspenTech's business, are of practical advantage to it and are ones in which New AspenTech, but for the provisions summarized above, would have an interest or a reasonable expectancy, (2) "Emerson" means the Emerson Group and (3) "New AspenTech" means New AspenTech and each of its subsidiaries.

Under the Amended and Restated Certificate of Incorporation of New AspenTech, any person or entity purchasing or otherwise acquiring or holding any interest in the shares of capital stock of New AspenTech will be deemed to have notice of and consented to the foregoing.

Restrictions on Transfers and Acquisitions

Lockup

For two years following the Closing Date (unless the Third Trigger Date has occurred), the Emerson Group is prohibited from transferring any shares of Common Stock to any person, business or entity that is not a controlled affiliate of Emerson unless approved by an RPT Committee.

Standstill

For two years following the Closing Date, the Emerson Group is prohibited from acquiring or seeking to acquire, directly or indirectly, additional shares of Common Stock that would result in the Emerson Group having an ownership percentage of the outstanding Common Stock greater than the percentage of outstanding Common Stock they own as of the Closing Date; provided that Emerson will be permitted to make a private proposal to the New AspenTech Board that would not reasonably be expected to require New AspenTech or any of its subsidiaries to make any public announcement or other disclosure. Notwithstanding the foregoing:

- Emerson and the other members of the Emerson Group can acquire Common Stock by way of stock splits, stock dividends, reclassifications, recapitalizations or other distributions by New AspenTech to all holders of Common Stock on a pro rata basis.
- Emerson and the other members of the Emerson Group can acquire Common Stock (i) as approved by an RPT Committee, (ii) pursuant to the exercise of Emerson Sub's preemptive rights, (iii) pursuant to the Pre-Agreed Procedures (described below) or (iv) constituting no more than 5% of the outstanding Common Stock in the aggregate (as measured as of the Closing Date) in the open market.

Competitors

Following the Second Trigger Date, subject to certain exceptions, Emerson will not, and will cause its subsidiaries not to, transfer, in a single transaction or in a series of transactions, more than 10% of the then-outstanding shares of Common Stock to any entity or person who is engaged in any business that engages in developing, marketing and selling certain industrial software, unless approved by an RPT Committee.

Buyout Transactions

Until the Second Trigger Date, any proposal by any member of the Emerson Group to engage in a transaction or series of related transactions reasonably expected to result in the acquisition of all of the outstanding shares of Common Stock held by stockholders (other than the Emerson Group) must be either (as elected by Emerson Sub in its sole discretion) (i) subject to review, evaluation and prior written approval of an RPT Committee or (ii) approved by a majority of the stockholders of New AspenTech (other than the Emerson Group).

Additional New AspenTech Securities

Preemptive Rights and Percentage Maintenance Share

Until the Second Trigger Date, to the extent permitted under NASDAQ rules and subject to certain exceptions, Emerson Sub has the right to purchase up to its pro rata portion of any equity securities of New AspenTech that New AspenTech proposes to issue or sell provided, that, in the case of equity securities to be issued as consideration in any merger, consolidation, reorganization, conversion, joint venture or any other business combination, or any acquisition, Emerson Sub only has the right to purchase its percentage maintenance share. Following the Second Trigger Date, to the extent permitted under NASDAQ rules and subject to certain exceptions, Emerson Sub has the right to purchase additional securities of New AspenTech up to its percentage maintenance share in connection with any issuance or sale thereof by New AspenTech.

The purchase price for securities to be sold or issued to Emerson Sub in accordance with the preceding paragraph will be calculated based on (i) in the case of an issuance for cash (other than a public offering of New AspenTech securities) or offer from a prospective third party for cash, the proposed purchase price in cash per security, and (ii) in all other cases (including a public offering of New AspenTech equity securities), the Pre-Agreed Procedures (as described below).

In the case of Emerson Sub's exercise of preemptive rights, if the issuance or sale to Emerson Sub is delayed due to a governmental approval or stockholder approval under NASDAQ listing rules and the triggering issuance or sale is consummated, the Emerson Group's ownership of Common Stock will be calculated for all purposes of the Stockholders Agreement as if Emerson Sub had exercised its right in full and as if any securities not yet issued or sold to the third party had been issued or sold, until such time that (i) the applicable sale to Emerson Sub is consummated, (ii) in the case of an approval of a governmental authority, there is a final, non-appealable court order prohibiting Emerson Sub from acquiring such securities, (iii) in the case stockholder approval is required under the NASDAQ rules, such stockholder vote will have occurred and such sale to Emerson Sub not be approved or (iv) Emerson determines not to exercise such rights.

In the case of Emerson Sub's exercise of percentage maintenance share rights, if the issuance or sale to Emerson Sub is delayed due to a governmental approval or stockholder approval under NASDAQ listing rules, the Emerson Group's ownership of Common Stock will be calculated for all purposes of the Stockholders Agreement as if Emerson Sub had exercised its right in full and as if any securities not yet issued or sold to the third party had been issued or sold, until such time that (i) the applicable sale to Emerson Sub is consummated, (ii) in the case of a required approval of a governmental authority, there is a final, non-appealable court order prohibiting Emerson Sub from acquiring such securities, (iii) in the case stockholder approval is required under the NASDAQ rules, such stockholder vote will have occurred and such sale to Emerson Sub not be approved or (iv) Emerson determines not to exercise such rights.

Pre-Agreed Procedures

Emerson Sub has the right to purchase additional securities of New AspenTech under certain circumstances pursuant to certain pre-agreed prices and procedures as set forth in the Pre-Agreed Procedures, set forth in the Stockholders Agreement (the "Pre-Agreed Procedures"), without the need for the approval of an RPT Committee. These Pre-Agreed Procedures provide Emerson the option (but not the obligation) to, among other things, (i) purchase additional securities of New AspenTech in connection with securities being issued as consideration in an M&A transaction, or purchase securities of New AspenTech in a public offering of securities of New AspenTech securities, or other circumstances where New AspenTech securities are not being offered for cash by New AspenTech, in each case at pre-agreed prices without the need for the approval of an RPT Committee, (ii) purchase additional shares of Common Stock up to its percentage maintenance share in connection with the issuance of equity awards or securities of New AspenTech pursuant to any "at the market" program, on a quarterly basis and in accordance with the pre-agreed prices, (iii) purchase additional equity securities of New AspenTech at pre-agreed prices to maintain its ownership of certain percentages of outstanding Common Stock during certain cure periods after Emerson's ownership of Common Stock falls below certain thresholds and (iv) until the Second Trigger Date, provide New AspenTech with financing in connection with any proposed M&A transaction, at a pre-agreed pricing, if such financing is approved by an RPT Committee.

Financial Information

New AspenTech is subject to financial reporting requirements to Emerson. New AspenTech will provide Emerson with certain monthly, quarterly and annual financial, tax and accounting information as Emerson may reasonably request. Additionally, New AspenTech will deliver to Emerson a substantially final form of its Annual Report on Form 10-K and Quarterly Reports on Form 10-Q no later than five business days prior to filing such documents with the SEC and will consult with Emerson in preparing all reports, notices and proxy and information statements to be sent or made available by New AspenTech to its security holders. New AspenTech will provide Emerson with information reasonably requested by Emerson in connection with Emerson's press releases and public filings and agrees to review or draft such portion of Emerson's filings pertaining to New AspenTech.

New AspenTech is also required to cooperate with Emerson in connection with the preparation of any filings made by Emerson with the SEC or any securities exchange, including providing all information reasonably required by Emerson to comply with its reporting obligations.

New AspenTech is required to establish a Disclosure Committee consisting of members of the New AspenTech Board or management of New AspenTech to, among other things, assist in preparing disclosures required under applicable law. Emerson Sub is entitled to appoint one individual as a non-voting observer to the Disclosure Committee who is entitled to attend meetings of the Disclosure Committee (which non-voting observer need not be a member of the New AspenTech Board). Subject to certain limitations, Emerson Sub is permitted to conduct internal audits and perform risk assessments on New AspenTech's controls over financial reporting processes, and propose certain changes.

The above provisions terminate after the Third Trigger Date.

Non-Solicit

The Stockholders Agreement requires each of Emerson and New AspenTech, for one year following the Closing, not to solicit the employment of, or employ, certain employees of the other without the prior written consent of the other, subject to certain exceptions.

Intercompany Agreements

If the Emerson Group does not beneficially own more than 40% of the outstanding shares of Common Stock for a consecutive period of six months or more, each of New AspenTech (on behalf of itself or its applicable subsidiary) and Emerson (on behalf of itself or its applicable subsidiary) will have the right to terminate any intercompany commercial agreement (subject to certain exceptions) upon written notice to the other.

Termination

The Stockholders Agreement automatically terminates in the event the Emerson Group (a) no longer owns at least 10% of the outstanding shares of Common Stock or (b) owns 100% of the outstanding shares of Common Stock. However, Emerson's, Emerson Sub's and New AspenTech's agreements under the Stockholders Agreement with respect to the following provisions will survive the termination of the Stockholders Agreement: confidentiality, corporate opportunities, cooperation with respect to third-party litigation, privilege and dispute resolution and certain miscellaneous provisions.

Registration Rights Agreement

At the Closing, New AspenTech entered into the Registration Rights Agreement with Emerson Sub granting Emerson Sub certain registration rights with respect to its registrable securities consisting of shares of Common Stock.

A copy of the Registration Rights Agreement is attached hereto as Exhibit 99.6 and is incorporated herein by reference. The following summary of the terms of the Registration Rights Agreement is not a complete description thereof and is qualified in its entirety by the full text thereof.

Emerson Sub may require New AspenTech pursuant to a demand to register all or any portion of these registrable securities under the Securities Act or the Exchange Act for their public offering, listing or trading. New AspenTech will not be obligated to effect a demand registration (i) within 60 days after the effective date of a previous demand registration, other than a shelf registration, or (ii) if the demand request is for a number of registrable securities with a market value of less than \$50 million.

Subject to certain exceptions, New AspenTech may defer the filing of a registration statement after a demand request has been made if: (i) the New AspenTech Board determines in good faith that such registration would be materially detrimental to New AspenTech and its stockholders, or (ii) prior to receiving such demand request, the New AspenTech Board had determined to effect a registered underwritten public offering of New AspenTech securities for its account, New AspenTech had taken substantial steps to effect such offering and the managing underwriter for such offering has determined that the filing of the requested registration statement at the time and on the requested terms would materially and adversely affect such underwritten public offering of New AspenTech securities for New AspenTech's account.

In addition, Emerson Sub has piggyback registration rights, which means that Emerson Sub and its permitted transferees who have agreed to be bound by the Registration Rights Agreement may include their registrable securities in future registrations of equity securities by New AspenTech, whether or not that registration relates to a primary offering by New AspenTech or a secondary offering by or on behalf of any other stockholders of New AspenTech.

The demand registration rights and piggyback registration rights are each subject to market cut-back exceptions, with specified priorities.

New AspenTech will pay all reasonable out-of-pocket fees and expenses in connection with any registration pursuant to the Registration Rights Agreement, except underwriting discounts, commissions or fees attributable to the sale of shares by the registering stockholder. The Registration Rights Agreement sets forth customary registration procedures, including an agreement by New AspenTech to make its management available for road show presentations and other information meetings reasonably organized by the underwriters in connection with any underwritten offerings. New AspenTech also agrees to indemnify Emerson Sub and its affiliates, to the fullest extent permitted by law, with respect to liabilities resulting from untrue statements of a material fact or omissions of a material fact in any registration statement used in any such registration, other than untrue statements or omissions resulting from information furnished to New AspenTech for use in the registration statement by Emerson Sub or the registering stockholder.

Emerson Sub may transfer its rights under the Registration Rights Agreement to any permitted transferee under the Stockholders Agreement who becomes a party to, and agrees to be bound by the terms of, the Registration Rights Agreement. The rights of Emerson Sub and its permitted transferees under the Registration Rights Agreement will remain in effect with respect to the registrable securities covered by the agreement until those securities: (i) have been sold pursuant to an effective registration statement under the Securities Act; (ii) have been sold to the public pursuant to Rule 144 under the Securities Act; (iii) have been transferred in a transaction where the subsequent public distribution of the securities would not require registration under the Securities Act or any similar state law; (iv) are no longer outstanding; (v) in the case of registrable securities held by a holder other than Emerson Sub or its affiliates, such holder holds less than 5% of the then outstanding registrable securities and such securities are eligible for sale pursuant to Rule 144 under the Securities Act; or (vi) in the case of registrable securities held by Emerson Sub or one of its affiliates, Emerson Sub or its respective affiliate ceases to beneficially own any registrable securities or, if earlier, upon written agreement of New AspenTech and Emerson Sub.

Tax Matters Agreement

At the Closing, New AspenTech and Emerson entered into the Tax Matters Agreement, which governs the parties' respective rights, responsibilities and obligations with respect to taxes of the holding company that, directly or indirectly, held the Emerson Industrial Software Business and was contributed to New AspenTech in connection with the Closing and such holding company's subsidiaries at the time of such contribution (together the "Emerson Contributed Subsidiaries"), including taxes arising in the ordinary course of business, taxes, if any, incurred as a result of the Transactions, the restructuring transactions undertaken by Emerson and its affiliates prior to the Closing (the "Pre-Closing Restructuring"), and taxes resulting from any failure of the Transactions or the Pre-Closing Restructuring to qualify for tax-free treatment for U.S. federal income tax purposes. The Tax Matters Agreement also sets forth the respective obligations of the parties with respect to the filing of tax returns, the allocation and utilization of tax attributes and benefits, tax elections, the administration of tax contests and assistance and cooperation on tax matters.

A copy of the Tax Matters Agreement is attached hereto as Exhibit 99.7 and is incorporated herein by reference. The following summary of the terms of the Tax Matters Agreement is not a complete description thereof and is qualified in its entirety by the full text thereof.

In general, the Tax Matters Agreement governs the rights and obligations that New AspenTech and Emerson have after the Transactions with respect to taxes of New AspenTech and the Emerson Contributed Subsidiaries for both pre- and post-closing tax periods. Under the Tax Matters Agreement, Emerson generally will be responsible for all of the pre-closing taxes of the Emerson Contributed Subsidiaries that are reported on consolidated or combined income tax returns with Emerson or any of its affiliates. New AspenTech will generally be responsible for all other taxes of the Emerson Contributed Subsidiaries for pre-closing tax periods, as well as the taxes for post-closing tax periods attributable to New AspenTech and the Emerson Contributed Subsidiaries, whether reported on consolidated or combined tax returns with Emerson or any of its affiliates or otherwise.

In the Tax Matters Agreement, New AspenTech agrees to certain covenants that contain restrictions on activities of New AspenTech, which restrictions are generally intended to preserve the tax-free treatment of the Transactions and the tax-free treatment of certain of the transactions forming part of the Pre-Closing Restructuring. New AspenTech may take certain actions otherwise prohibited by these covenants only if New AspenTech and Emerson obtain a ruling from the Internal Revenue Service or New AspenTech obtains an unqualified opinion from a tax adviser reasonably acceptable to Emerson, in each case, to the effect that such action will not affect the tax-free treatment of these transactions. New AspenTech will be barred from taking any action, or failing to take any action, where such action or failure to act adversely affects or could reasonably be expected to adversely affect the tax-free treatment of the Transactions or the Pre-Closing Restructuring, for all relevant time periods. In addition, for a period of two years after the Closing, New AspenTech agrees not to:

- discontinue the active conduct of specified trades or businesses conducted by certain of the Emerson Contributed Subsidiaries (the "Specified Subsidiaries"), or dispose of the stock of any of the Specified Subsidiaries;
- cause a Specified Subsidiary to repurchase any of its equity interests;
- cause a Specified Subsidiary to, merge, consolidate or amalgamate with any other person, unless, in the case of a merger or consolidation, such Specified Subsidiary is the survivor of the merger, consolidation or amalgamation;
- cease to own, indirectly, 100% of the equity interests of any Specified Subsidiary;
- subject to certain exceptions, issue or sell any of its stock or other securities (including securities convertible into Common Stock but excluding certain compensatory arrangements);
- subject to certain exceptions, participate in any transaction or business combination which would result in any person acquiring, directly or indirectly, any stock of a Specified Subsidiary;
- amend the certificate of incorporation (or other organizational documents of New AspenTech) or take any other action, whether through a stockholder vote or otherwise, affecting the voting rights of equity interests of New AspenTech or the equity interests of the Specified Subsidiaries; and
- contribute or otherwise transfer any equity interests in certain of the Emerson Contributed Subsidiaries to an entity treated as a corporation for U.S. federal income tax purposes.

New AspenTech generally agrees to indemnify Emerson and its affiliates against any and all tax-related liabilities incurred by them relating to the Transactions or the Pre-Closing Restructuring to the extent caused by any action of New AspenTech. The indemnification will apply even if New AspenTech is permitted to take an action that would otherwise have been prohibited under the tax-related covenants described above.
